

Copywriting Course Comparison Chart

I'm frequently asked how my *Step-by-Step Copywriting Course* compares to other books and ebooks on the market. I can see how it would be confusing with so many to choose from. So, I've taken a moment to give you a brief overview of the ones I've personally seen. Each one offers something a bit different and is meant for use by writers and website owners at various skill levels. I've also added a side-by-side chart at the bottom for at-a-glance comparisons.

Step-by-Step Copywriting Course

Teaches all types of website copywriting including home pages, ecommerce copy, copy for services sites, pay-per-click copy, detailed organic SEO copywriting and more. Self-paced, self-scoring course that includes examples, lessons, practice exercises and answers about both sides of SEO copywriting: search optimization as well as effective web copywriting practices.

Best for copywriters and website owners that are new to copywriting and/or new to SEO copywriting.

209 page soft-cover, spiral-bound workbook delivered via mail.

\$197
