# Authentic Fragrances of Soy Candles

Unlike some other scented candles, soy candles fill your rooms with truly authentic aromas, not weak imitations. Soy candles also offer longer burning times than traditional scented candles. I guarantee my soy candles are fragrant throughout, not just scented on top. **I also guarantee the soy candles you buy from Illuminous Times will impart a genuine fragrance throughout your rooms, or I will refund your money.**

## Scented Candles

When you open your Illuminous Times soy candles, you'll immediately notice the difference. As the candle burns, the fragrance will grow until your entire room is completely engulfed in the delicate, yet unmistakable, fragrance of:

- blueberry muffins
- cinnamon buns
- baby powder
- ocean mist
- rose petals
- or any other scent of your choosing.
